Plans will be discussed for the most effective type of membership campaign for 1960. The Oxford County Extension Association is the organization which cooperates with the University of Maine Extension Service.

Others serving on this committee with Mr. Andrews are: Milton Keene, Canton; Murray Thurston, Bethel; Bertrand Buck, Buckfield; Irene Bean, Waterford, and Ruth Rogers, Rumford.

THIS IS FARM SAFETY WEEK

This week is being observed in Maine and throughout the country as National Farm Safety Week, July 19 to 25. Heading the observance in the Pine Tree State is the Maine Farm and Home Safety Council. Chairman John A. Snell, Augusta, says that this year's theme is "Safety Makes Sense." Last year 33 Maine persons were killed in farm accidents. This was a 50 percent increase over 1957. Now, during National Farm Safety Week, and throughout the year ahead, Snell urges extra caution on the farm and in the home to prevent needless accidents.

HASTINGS - MORTON ENGAGEMENT

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Work on the Town Road Improvement Fund project on the N. W. Bethel Road is progressing satisfactorily. Bulldozing on the sides of the right of way has been completed. Trucking gravel was started on Monday. Specifications as approved by the State Highway Commission require a minimum width of 13 feet, and 12 inches in depth.

Last May 20th your Board of Selectmen and Town Manager made a trip to Augusta to meet with the State Highway Commission relative to making a formal request for special State Aid Funds for the Middle Intervale Road, that this road might be completed. It was agreed with the Commission that if they would grant the request that they could receive State Aid designation No. 1-E, located between the East Bethel road and Route 26. Also that the town would start a reconstruction project in 1960. News paper reports last week indicated that the request has been granted and that \$8,000.00 was allocated for the project.

Bennett's Garage has applied for a Junk Yard License to maintain a junk yard on U. S. Route 2 near Swan's Corner. Hearing will be held at the Town Office on June 30th at 7:30 p. m.

Indications are at the present time that the 1959 tax bills will not be available until the latter part of August. The assessors have practically completed the assessment. When their work is completed it then takes three weeks to make out the commitment and ready the tax bills for mailing.

Sincerely,
Harold L. Bean

BETHEL TOWN TEAM IN TIE FOR PTL TOP SPOT

Last Thursday Bethel played a brilliant game at Bridgton both offensively and defensively. Locke pitching for Bethel, pitched 4 innings, giving up one hit and one run before retiring for Albert Sumner in the fifth frame due to one error and a pair of walks, a double and a home run and the host team went ahead 4 to 1. In the sixth frame Bethel fought right back with a 2 run homer by Rolfe. Tying the game was as far as the game went as it was called at the end of six frames due to darkness.

Sunday at South Paris Bethel was completely outplayed in all departments. South Paris had 13 runs with four home runs. Bethel had one run. Trimback's homer, and four hits. At the beginning of the 8th frame, Mike Haley, Paris catcher, was thrown out after a protest on a call by the umpire. Being unable to field new men, Bethel won the game on a forfeit, 9 to 0.

Again Tuesday night another fine game was featured. Fine clutch pitching by Nelson Lapierre, and timely hits proved to be overpowering for Bethel, Bethel winning 2 to 1. A double by Sumner, singles by Trimback and Locke were the deciding factors.

To this date Bethel is tied with Dixfield for leadership with each having nine wins and three losses. Dixfield's three losses were to Bethel.

Tuesday, Bryant Pond at Bethel.

The members of the Azisacos Grange sent cards of congratulations to Mr. and Mrs. John Frederickson on their 50th wedding anniversary. The Fredericksons who now live in Connecticut used to live at the Hoyt place in Magalloway.

Mrs. Gretta Wilson of Boston is visiting Mrs. Agnes Olson.

Mrs. Beatrice Littlehale held services at the Magalloway Church Sunday morning.

Mr. and Mrs. Raymond Cooper of Berlin have recently spent their week ends at their house in Magalloway.

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER
ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.03—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST STYLE

It's the only car of the leading low-priced 2 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE

magazine, "Chevrolet establishes a new high in daring styling."

BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by N.A.S.C.A.R., Chevrolet out-stopped both of the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM

Official dimensions reported to A.M.A.† make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE

Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the

most wonderfully responsive engine available today at any price."

BEST RIDE

MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

The Story of the East Andover School

Residents of the Community
Of East Andover
by Violet Swain
Continued from Last Week

After writing the article on the East Andover School I thought some people who had lived here years ago might like to know who was living here now. With the help of four older members of town, Mrs. Mary Crooker, Mrs. Marjorie Thomas and Mr. and Mrs. R. J. Swain I have tried to find out who lived in the old homes down through the years.

Beginning on the Lester Farrington mill side of town and up near his gravel pit Norman White has built a home in the past two years.

George Ladd and Christine (Glover) and their two children, Jack and Lane; this house was built by Norman White and lived in by Reginald Pellitier about thirteen years ago.

Howard Glover and Ella (Ladd) live in the next house with their daughter, Nancy. Previous tenants were Lloyd White, William Smith, David Abbott, D. Frances and Jim Clifford.

Mary Crooker, oldest resident, 82, and her son, George, live at the Post Office. Other residents there have been Dave Rand; C. B. Crooker; Emerson, Dutton and Berdeen.

Schneider House is empty now but many families have lived there. Fred Christians, David Simmons, Schelders, Atwood Colwell, Walter Robinson and Will Cole.

Lester Farrington has a nice office building next to the mill with Miss Sadie Bailey as secretary.

The Lester Farrington saw mill is next which used to be across the river and where this sets used to be a lumber mill owned by Morgan and Perkins. Now L. Farrington has a long lumber saw mill.

Across the river where the Barton-Chase lumber mill used to be and later Farrington owned a mill, there is a house where Bill Simmons lives. He has a store known as "Bill's Store" and sells gas. Other families living in this house have been Fulton White; Laurie Melner. The house used to be the old blacksmith shop.

Mr. and Mrs. Walter Danforth reside in one of the older homes in the community. They are both in their 70's and have no children. Warren Marston, C. Morgan, Baryon, Omer Spidell, Merrill, Linwood Tucker and Smiths have either lived in the main house or have rented the front part.

Olney Farrington home is now a home for Mr. and Mrs. Edmund Maddix (Mae Farrington) and their children, Sherman and Bernice. Other residents have been Lovejoy, Luke Glover, George Grover, Olney Farrington (Olney was Lester's father and Mae is his sister).

Passing the Farmer's Hill turn the road has been changed and about 15 years ago the old blacksmith shop which stood on the turn was torn down. A few years ago, just before you turn for Farmer's Hill, a Fire House was built. The community has a Fire Truck quite well equipped. Lester Farrington has bought some of the necessary equipment and the town furnished some. At present Selvanus Glover and Freeman Farrington are the Fire Chiefs.

Lester Farrington and Mabel (Leach) and their daughter, Rose, live in the next house. This was built by Lester.

Mervin Farrington and Margaret (Holt) and their three sons live in the next house. He would be a nephew of Lester Farrington.

Walter Cheney and his wife and three children live in the next house. Norman White started to build this house and later M. Cheney lived there. Walter would be a son to Mae Maddix.

James Hiers and Minnie (White) live in the next house which was across the road at one time. It was moved to the present location by the late Walter Cheney. Ed Hatch also lived there.

Barnett Farrington's family live at the next house. They have operated a mill but at present it is not running. A son of an ago they built a cottage and he and his son, Leonard, live there. There are two small children live near the garage. There is a very small house between the garage and the garage that has been for several years but is now vacant.

After you cross Lovejoy Brook there is a nice set of buildings set back from the road. This was built by Roy Leach and later bought by Loring Swain. Mr. and Mrs. C. E. Dyer now live there. He is a retired Oxford Mill man.

A cabin known here as "The Log Cabin" was built by Roy Leach and is now owned by the Akers family of Weston, Mass., is the next building.

After quite a long ways there is a new home built recently by Mr. and Mrs. Clarence (Caleb) Smith. They reside there with their son, Irving, and daughter, Jeanette.

The next home is owned by Mrs. Smith's son and his wife, Mr. and Mrs. Earl Melner and three children. It was built by Don Smith who lived there several years.

Don Smith and his family built, and now live in, the house that sets on an old foundation that was formerly the Rufus Merrill house. Later C. B. Crooker Sr. lived there and it burned in 1911. Mrs. Donald Smith has four children and is blind.

Mrs. Eva Jackson has a summer home at the next dwelling. Her late husband had a small chicken business before he died a few years ago.

There are no more houses until you come to the former Charles Cushman property. This house burned in 1939 and Everett Ferrin rebuilt a smaller house; later Albert Enman lived there and now Mr. and Mrs. John Parkman (Shirley White) and their son own the home.

The old Frank Perkins house burned many years ago and there are only small buildings there. Sometimes hunters come there in the fall. The only other house on that side of the road is a small building owned by Alfred Ladd.

Crossing the road at the Town Line and coming back into the community Mr. and Mrs. Ira Gammon have a home and store for the first buildings. They have a large family who have married local people. Only one son now lives with them and attends school.

The houses in that area are quite far apart but the next building was built and lived in by the late Dave Ladd.

The house known as the "Blood House" is now owned by D. LeBlanc. It was lived in by Arthur Clark at one time, and the Blood family.

Our one and only barber shop is owned by Jo Gosselin, a retired Berlin, N. H., barber and his wife, Amanda. They bought the house from George Ladd. Dave Ladd lived there before the original house burned. The old homestead was the Averill Home.

"Mountain View" was at one time the old Rufus Merrill Blacksmith Shop. When the house across the road burned in 1911 Mr. and Mrs. C. B. Crooker and family moved into the shop. It is now owned by Massachusetts folk who come for a few weeks each summer.

Bill and Myra (Glover) Crooker and son, Billy, live at the next house. Mrs. Crooker is now the Postmaster taking over when her mother-in-law, Mrs. Mary Crooker had to retire.

Mr. and Mrs. Orville Melner (Barbara Glover) and their two children live in one of the older houses in town. It was formerly the Joel Merrill home; later Harry Merrill lived there; then Reginald Melner and after he was killed in a hunting accident Mrs. Melner remarried Clarence Smith and they lived there until a few years ago when they sold to her son. They went across the road and built a new home.

The next house now owned by Mr. and Mrs. Basil Hatch was the home of quite a few different families. D. Leach, P. Farrington, John Glover, and Charles Farrar.

The next foundation was the former home of the Burgess family. An Abbott family lived near there before the Burgess family moved in. It was occupied by P. Lovejoy at the time it burned.

Crossing Lovejoy Brook coming back into the community there is a very new home built by Freeman Farrington (a nephew of Lester Farrington). He and his wife, Norma (White) and their two lovely red-haired children live there. Where Mr. and Mrs. Ernest Combs live is the oldest home in the community. In his 80's he is a house built by Ben Smith for Chesley White later

4-H BROILER CONTEST WINNERS NAMED

Winners in the 1959 Maine 4-H Club Broiler Growing Contest were given cash awards and ribbons at the recent Maine Broiler Festival at Belfast. Fred Whitney, Gray, took first place and his entry of broilers also won the award as the heaviest of the 203 entries by 4-H club members. Other top winners were: 2nd, John Bradeen, Cornish (last year's first-place winner); 3rd, Doreen Clements, West Wintport; 4th, Dennis Clements, West Wintport; 5th, Percy Monk, Greenwood; 6th, Maynard Frith, Athens; 7th, Claudia Huntman, Washington; 8th, Barbara Weeks, Litchfield Plains; 9th, Derald Young, Dedham; 10th, Merton Bagley, Troy; 11th, Joan Adams, Canton; 12th, Pamela Peace, Norridgewock; 13th, William Calderwood, Waldoboro; 14th, David Cummings, Manchester; 15th, Wilbur Souther, Moose Hill; 16th, Pauline Sodermark, Corinth; 17th, Raymond Meservey, Waldoboro; 18th, Malcolm Coulter, Jr., East Eddington; 19th, Sheila Moore, Dover-Roxcroft; and 20th, Mark Pitcher, Washington.

Jim Sennett lived there selling it to the Combs.

Mr. and Mrs. George Barlow Sr. built a new home on the next property. She is one of the former teachers at East Andover but now teaches in Dixfield.

Our newest edition is a store built by Mr. and Mrs. Chesley White and known as "White's Store." This summer they are building a new home beside the store. She was the former Edna Spares and they lived for many years on Farmer's Hill.

The next building is our former school and now used for Community work.

Mr. and Mrs. R. J. Swain and his son and wife, Mr. and Mrs. Robert B. Swain and their family, of 3 sons, live in the next house. O. Chapman, W. W. Perkins, Verge Cole, S. Abbott, were some of the residents. Mr. Swain and his son operate a saw mill and provide work for about 35 men and women.

Mr. and Mrs. John Richardson (Barbara Farrington) and their four children live in a lovely new home near the river. The old house was torn down. Former owners of the old house were Joseph Chapman, John Farrington and Henry Farrington.

Crossing the river you find the rest of the Lester Farrington mill. The garage and planing mill is on this side of the river.

Mr. and Mrs. James Sennett own the house formerly owned by Mrs. Mary Howard and the late Marshall Howard. The Farrington brothers, Olney, Wellington and John had owned it previous to this.

The Farmer's Hill road has several families but many children. The first home belongs to Mr. and Mrs. Selvanus Glover and family of three daughters. He built on the old foundation that had been his parents' home. Mr. and Mrs. Jess Glover Sr. Harnden lived there too.

The next house Basil Arsenault lived in and is now owned by Mr. and Mrs. Ralph Stinson and their eight children. Mr. Stinson was the former Marjorie Simmons.

V. A. NEWSLETTER

A World War II veteran holding National Service Life Insurance (NSLI) may choose from four options the manner in which the payment of his policy's proceeds will be made after his death.

M. L. Stoddard, manager, VA Center, Togus, who made the announcement today, listed the four options as:

Option 1—Lump sum payment.

Option 2—Equal monthly installments for 3 to 30 years, in multiples of 1 year.

Option 3—Equal monthly installments for life of beneficiary, with 120 installments guaranteed.

Option 4—Equal monthly installments for life of beneficiary; total payments guaranteed to equal face amount of policy.

Stoddard pointed out that if the insured chooses Option 1, the beneficiary may elect any of the other options at time of settlement.

Stoddard said Options 3 and 4 are not available if certain types of beneficiaries, such as corporations or estates are named by the policyholder.

Complete information about the optional payment methods is available at any VA office, or from the VA district office which services the policy, Stoddard said.

Swain built the houses that Harden, Arsenault and F. White lived in.

Mr. and Mrs. William Simmons Jr. (Grace Roberts) and their four children live in and own the next home. Others who have lived there have been H. Hutchins, Annie Smith, Earl Murphy and Mel White.

William Simmons Sr. is repairing a house formerly owned by Albert Bell.

The Chesley White house was sold this summer to Mr. and Mrs. James Sennett Jr. who plan to reside there when he returns from the service this fall.

Mrs. J. Cooper of New Jersey owns the house once owned by Lloyd White and L. Anderson.

Russell Parkman and his wife own a large farm house at the foot of the hill. Other residents were John Caldwell, Ed Straw, and A. Davis.

The house on the top of the hill is owned by Mr. and Mrs. Linwood Tucker, (Urfred Philbrick) and their daughter, Darlene. It is the old Philbrick homestead.

There are many camps on the hill, and going up the hill, that are used for a few weeks each summer or during the hunting season.

East Andover is still a busy little community with a large long lumber mill and the large saw mill.

I have written this to the best of my ability, you must remember that I have only lived in this community since 1938 with a few years away during the war. Most of all I know how there are too many errors please forgive me.

Read John 1:6-14

I am come that they might have life, and that they might have it more abundantly. (John 10:10).

ONE night in a slum district of La Paz, I was on my way to church for a family worship service. I was walking down very dusty streets lined with adobe huts. Stagnant water stood in the ruts and holes. Everything I saw added another detail to a scene of poverty and abject ugliness.

Raising my eyes to the skies, I could see the stars, shining with unusual brilliance. It was one of those balmy spring nights which are so pure and lovely.

The notion struck me that persons who do not know Christ live in spiritual poverty. Many are miserable in mind and

heart. They see only ugliness in their surroundings as they drag themselves through life.

But God has provided in His Goodness a completely different world for man. In His Son, He came to humanity to carry away man's miserable condition and offer him a new life of beauty, light, and divine purity. Jesus came that we might have life in abundance.

PRAYER: O God, look with compassion upon our human poverty and our condition as sinners. Transform our lives by Thy marvelous power.

Confessing our sins and our need, we come to Thee in faith. Save us and grant to us the spirit of Christ. In His name we pray. Amen.

Thought For The Day

We know that we are in Christ, for He has given us life of His spirit. I, Antonio Fernandez (Bolivia)

MOTOR MAIDS

Safety Leaders And Cities Shine

By Martha Johnson
Dodge Safety Consultant

Congratulations are in order to drivers in Detroit and Chicago.

The two cities share the title of "safest big city in which to drive so far this year," according to the National Safety Council.

And it's you, the motorist, who helped achieve this record.

Congratulations also:

To the Catholic High School in Hennington, Vt., and Father Gerard Brennan, who sponsored a safe-driving demonstration for students. The program, designed to disprove the old notion that a car can be "stopped on a dime," was preceded by a student assembly during which students were briefed on the demonstration and heard an illustrated talk on the importance of driver attitudes.

To J. Edgar Hoover, Chief of the Federal Bureau of Investigation, who classified traffic violators as the nation's "Public Enemy Number One," saying "The automobile assassin is a vicious criminal."

To Charles Goodwin, traffic and transportation authority, writing in "Highway High Lights." He says: "The most skillful driver is not necessarily the best or safest driver. In fact, a skillful driver sometimes tends to rely on his skill instead of exercising courtesy, patience, respect for law, common sense and other qualities which are even more important than skill in avoiding accidents."

To members of the Illinois Editor and Publisher Highway Traffic Safety Seminar for helping "Save More Lives in Illinois" by opposing changes in the state's motor scooter law which would "allow more young people to risk their lives and those of others on the highways of death."

RUMFORD CORNER

Mrs. Richard Stearns and son, Danny, visited relatives in Cape Elizabeth, Maine, and Concord, N. H., over the week end. While in Concord they picked up Mrs. Stearns' sister, Josephine, who had been visiting in Massachusetts.

Mr. and Mrs. Tom Drapeau of Rumford were week end visitors of Mr. and Mrs. Joe Drapeau.

Mr. and Mrs. Gerald Curtis and grandchildren of Rumford were callers on Mr. and Mrs. Roland Stearns one day last week.

Mr. and Mrs. Marcel Clement and daughter, Janice, visited his parents, Mr. and Mrs. Emory Clement, in Mexico over the week end.

Master Ronnie Smith of South Rumford returned home Friday after spending the week with Danny Stearns.

Mr. and Mrs. Lewis Smith Jr., and son, Dale, of East Bethel were callers Saturday and Sunday on Mrs. Smith's parents, Mr. and Mrs. Roland Stearns.

Mr. and Mrs. Linwood Canwell of Bath (nee Leah Drapeau) are receiving congratulations on the birth of a baby weighing nine pounds, one ounce.

INTERESTING VALUES IN THE CHEMICAL FIELD

Until early this year, the chemicals lagged behind the overall rise in the stock market. Overcapacity, narrow profit margins, and the attendant lag in earnings growth were the prime factors in this sub-average market performance. Several months ago a reawakened interest in the group occurred as overcapacity problems eased and earnings recovery, which started in mid-1958, showed signs of further improvement. This optimism appears to be justified and certain issues in the industry are now relatively attractive commitments, where long term growth is the prime objective. These are: Dupont, W. R. Grace, Monsanto, National Distillers, Olin Mathieson and Pennwalt Chemicals.

1959 Expectations
The general recovery in the economy has been one of the major factors so far in aiding sales and reducing present capacity problems. Sales this year are estimated to exceed 1958's approximate \$23-billion by 15%, and next year a further but slower improvement is looked for.

While sales are expected to show this worthwhile advance, earnings should generally improve at an even faster rate, due to an anticipated widening of profit margins. This profit margin improvement, which was evident late last year, so far this year helped lift first quarter earnings for most companies for better than 50% compared with 1958. Profit margins for the industry which in recent years have been running at slightly under 20% before taxes, slipped to around 10% last year. So far this year, pre-tax margins have recovered to about 20%. The prime cause for this significant overall profit margin improvement was the increased use of productive facilities especially many new plants which in some cases last year were a drag on earnings rather than a contribution.

At the present time it appears that 1959 will be a banner year. Second quarter sales should be as strong as the first half extremely good reading. A modest slowdown may occur in the third quarter, as it appears that present inventory accumulation is slackening and a

steel stoppage of any magnitude would also have a negative effect. For the final quarter, most observers see a resumption of the upward trend in sales and earnings, and results are expected to approach the previous peak operations of the industry which occurred in 1955-56.

Areas with Near Term Promise

Although we look for a general improvement in the industry, there are certain areas that appear more promising than others. High energy fuels have received considerable attention in 1959 as the shift from manned to unmanned aircraft accelerates. Among the major chemicals receiving attention are hydrogen and boron based derivatives, as potential high energy fuels, and fluorines and chlorides as oxidizers. Chemical companies active in this field include Hercules Powder, Allied Chemical, Pennwalt Chemicals, Olin Mathieson and Air Products.

Oxygen and industrial gases is an area which has received considerable investor and industry attention in recent months. Expanded use in the steel industry and the high scale of steel operations point to excellent results (barring a prolonged strike) for Union Carbide, Air Products and Air Reduction.

Some of the newer members of the plastics family also offer interesting prospects including Montecatini Chemicals polypropylene, a plastic more versatile and reported to be superior to polyethylene (U. S. manufacturers include Hercules and Humble Oil). Polyurethane is another interesting entrant and its principal market is in foamed plastic, either flexible where it is reported to be superior to foam rubber and may eventually supplant it or rigid where it is used for insulation. Manufacturers include Mobay Chemical (solely owned by Monsanto and Farbenfabriken Bayer A.G. of Germany), Allied Chemical and du Pont.

FROM OUR FILES

10 YEARS AGO

The Bethel School Survey Committee considered costs of reopening rural schools. It was decided to visit some of the recently completed elementary school buildings in other towns in this part of the state.

At a special town meeting it was voted to accept a 10 year lease of land near Lover's Lane from Gould Academy to be used as a recreational field or playground.

Miss Marion Stallwood, instructor at Gould Academy, was making plans to leave for physical education work for the

army in Japan.

Mrs. Jason Smith, Vernon St., was seriously injured when run over by a tractor. Mrs. Smith slipped from the tractor when attempting to apply the brake.

Death: Emory Blake.

20 YEARS AGO

The Oxford County Council of the American Legion held their annual field day at Littlefield's Beach with about 150 members with families and friends present.

Mr. and Mrs. Asa Bartlett moved to the Hapwood Farm on the Songo Road.

Death: Mrs. Irvin Green.

SOUTH PARIS ANNUAL BEAN HOLE BEAN SUPPER BIG EVENT SATURDAY

More than a half-ton of State of Maine red kidney beans, pea beans and dry peas will go into 14 fire-brick lined pits at the Oxford County Fair Grounds early Friday morning. They will be baked for 24 hours in cast iron bean pots, then served to some 2,000 people at the annual South Paris Bean Hole Bean Festival, Saturday, July 25.

The Bean Festival, already rivaling the state's other large festivals as an attraction for summer visitors as well as residents, is sponsored by the South Paris Chamber of Commerce with the co-operation of the Maine Dry Bean Growers' Association through their representative in the Maine Department of Agriculture.

60 YEARS AGO

The building in the center had a varied history before it was bought by the late William Bingham, 2nd, and became part of the Bethel Inn property. It was used as a corn shop by A. J. Wyman and run by Eber Clough, Jr. Water power for that shop came from a canal leading from a dam which was about opposite the present home of Homer Smith, Sr. The stone dam shown here was

built by James Hodgdon and he operated a novelty mill in this building. Later, after he purchased this property and the saw and grist mill downstream with water rights from Eben Kilborn, Isaac Morrill used the structure as a birch and dawl mill. At the right in seen the starch mill of Eber Clough, Sr. The white house was at one time occupied by Eber Clough, Sr., and now is

MYERS GRADUATES FROM RECRUIT TRAINING

David R. Myers, son of Mr. and Mrs. Wilbur R. Myers of Elm Street, Bethel, graduated from recruit training July 11 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

It pays to go out of one's way for safety during National Farm Safety Week and throughout the year.

LAST WEEK'S OLD-TIME PICTURE IDENTIFIED

In a note from Miss Angie Chapman of Portland she states that last week's 60 Year Ago picture, showing the decorated bicycles was that of Miss Eva Barker and Fred Allen. Miss Barker was the daughter of H. Clinton Barker and lived on High Street. She later married Harlan Clough of Bethel and moved to Lynn, Mass. Mr. Allen carried on an extensive bicycle "sales and service" business in the building now the home of Henry Hastings.
